

## Study of various adsorbents for efficient separation of Oxygen from the air by adsorption'

Although this abstract has been accepted. Our judges have urged us to give this constructive feedback regarding the abstract. The following things were **missing** or **not well explained** in your abstract and need significant improvement while preparing for your final paper.

. Very core topic. Can name the adsorbents. Need to address the capacity/ purity and other parameters attainable from adsorption.

In addition,

The candidates are advised to maintain the following characteristics before the final submission:

- Novelty/Realistic
- Practical Feasibility
- Expected Outcome
