

Energy Harvesting Using Piezoelectric Nanogenerators

Although this abstract has been accepted. Our judges have urged us to give this constructive feedback regarding the abstract. The following things were **missing** or **not well explained** in your abstract and need significant improvement while preparing for your final paper.

Topic selected is relevant to the present situation to explore alternative energy sources. Discussion of use of these piezoelectric materials for application in the real world for energy harvesting can be incorporated.

In addition

The candidates are advised to maintain the following characteristics before the final submission:

- Novelty/Realistic
- Practical Feasibility
- Expected Outcome
