

Human Biases and its Impact on Artificial Intelligence(AI) and Machine Learning(ML)

The student has not done any experiments in this work which makes it only mathematical. Justification of work and synchronization with the practical work is must. Without experimentation the work, the applicability is not valid.

The candidates are advised to maintain the following characteristics before the final submission:

- Novelty/Realistic
- Practical Feasibility
- Expected Outcome

Some important links to understand how to write a research paper/manuscript:
