

From Neuronal Circuitry at Synaptic Level to Neuromorphic Computing

The writing indicates slight over ambitiousness of the author. The method of writing used is also very scattered. Instead of focusing on the use of fancy and complicated jargon more emphasis should be laid on the objective of the project. Author should focus more on highlighting the methods that can be used if something has been done.

The candidates are advised to maintain the following characteristics before the final submission:

- Novelty/Realistic
- Practical Feasibility
- Expected Outcome
