A REVIEW ON GOOGLE GLASS

Although, the topic of the paper is very interesting in terms of real life applications of Google Glass in healthcare, the paper did not provide a clear motivation and objective in the mentioned area (i.e., Google Glass for handicapped people). The candidates must consider some specific challenges and problems for handicapped people to be addressed using Google Glass. Also, they are advised to consider some recent related works to understand current and upcoming challenges to show the usefulness of Google Glass for handicapped people and other related applications (i.e. Google Glass in healthcare).

The candidates are advised to maintain the following characteristics before the final submission:
- Novelty/Realistic
- Practical Feasibility
- Expected Outcome
